

Killer Burger Allergen and Nutrition Information

The nutritional values provided herein are based on standard company recipes. The nutritional analysis which produced the nutritional values of these recipes were derived from supplier nutrition information and the USDA database. Menu items marked as containing allergens indicate the presence of those allergens in recipe ingredients. Due to supply chain changes, product changes, and the potential for cross contact, items not marked with specific allergens are not guaranteed to be free from those allergens. Menu items are hand-prepared and nutritional values may vary from the stated amount. This information is updated periodically to reflect our current product offerings. Updated April 20, 2026
